ND DOT to Repair Backwater Bridge Guardrails

Bismarck, N.D. – The North Dakota Department of Transportation (NDDOT) will be conducting repair work to the guardrails on the Cantapeta Bridge (Backwater Bridge) on Friday, February 10.

Due to weather conditions, the roadway repairs are tentatively scheduled for Monday, February 13.

The repairs are one of the steps the Morton County Sheriff's Department is taking in its phased approach to open ND-1806. NDDOT staff will be available from approximately 10:00a.m. – 10:30 a.m. on Friday, February 10 on the bridge to answer media questions regarding the guardrail repair work.

CONTACT: You will need you news agency credentials to gain access. Prior approval is required. Media will need to email the following information to gain access at the Backwater Bridge:
